

STACS

SMART TRUCK ACTIVE CONTROL SYSTEM

REMOTE CONTROL AND INTUITIVE COMMAND:

With the **STACS** system, you can control monitor remotely, which is essential for ensuring the safety of your teams in dangerous situations. Control interfaces, such as the in-cab joystick, 8-key keypad and radio or wired transmitters, provide intuitive and precise control of lance movements, making delicate manoeuvres and operations in difficult conditions easier.

FLEXIBILITY AND COMPATIBILITY

STACS products offer extensive compatibility with a variety of monitor lances, enabling easy integration on fire engines. Thanks to their modular, plug-and-play design, **STACS** products can be configured to fit any type of vehicle, offering maximum flexibility in your firefighting operations.

SECURITY AND ADVANCED CONTROL

STACS products are equipped with advanced technologies such as absolute position angular sensors, electronic stops and obstacle avoidance systems, guaranteeing maximum safety when using our products. Continuous monitoring of communication between the various components of the **STACS** system means that any interruption in the circuit can be detected quickly and the movements of the monitor lance stopped immediately, reducing the risk of accidents or damage.

PERFORMANCE AND RELIABILITY

STACS monitor are equipped with high-performance motors. They deliver impressive flow rates, up to 7500 L/min for some models, guaranteeing maximum efficiency when fighting fires. Thanks to their robust stainless steel or aluminium alloy construction, **STACS** monitor are designed to withstand the harshest environments and the most rigorous handling. As a result, they are extremely reliable in the field.

SUPPORT AND TRAINING :

By choosing **STACS** products from **POK**, you will benefit from comprehensive support, including training during system installation and technical support to ensure optimum use of the equipment. As an experienced fire-fighting manufacturer, **POK** is able to provide high-level technical support and tailor-made solutions to meet all your needs.
